Yes, our institute wants to develop more practical relevance with MID and Innovator!

We need Innovator licenses for _____ workspaces and the following technical requirements*:

We commit ourselves to use Innovator only for research and training purposes, not for commercial purposes. In addition, we agree always to use the current product version for our teaching activities. Furthermore, we agree with the integration of our names and logos in company-owned advertising and PR campaigns by MID.

* An employee of MID will contact you in the next few days in order to state the adjustment respectively arrangement of your Innovator licenses more precisely.
